“ *Always with that smile. We are grateful for pictures as they help us remember some of the smaller things. You shared so much over 54 years. It would be hard to remember it all. I will remember his easygoing personality and that smile. My love goes out to you, Karen, and your family.*

“ Dan and I were Breck School classmates starting in 6th grade. He was a loyal friend, very bright and tremendously humorous. In 1956, when Breck moved to its new home on the Mississippi, the lunchroom was not painted in time for the resumption of school that fall. Dan volunteered his father in time for the homecoming dance in the dining room. I think the senior Berke never charged a cent for his work. Dan inherited that generosity. It was symbolic that a Berke converted drab concrete walls into excitingly bright confines. That was Dan's personality. A few years ago I attended my first reunion since graduating. Dan was among the first to hop up and welcome me, and we chatted the whole time. For someone I've seen only once since 1958, I will miss him. My condolences to his family.

“ I'm sad to read about Dan's passing. We were team-mates at Breck School -- football. In the 7th-8th grade football game, I broke his collar bone. I was forever sorry. The last time I saw him was after a hockey game at Baker Rink, Princeton NJ. I'm not sure, but I think he was at Brown; I was a tiger. In any event. he played a good game.

*Best wishes.*
