“ *Dan ran the school store and taught next to me when I first started out at Red Wing twenty some years ago. He took good care of the "New kid on the block" making sure I knew what was what and giving me a little bit of heck about it when I didn't! Dan was a kind, kind man and I am grateful to have taught with him and known him. Hugs and blessings to all who loved him.*

“ To Gray family. Always in our hearts for all of you. I will miss Dan deeply, as I miss seeing all of you. Remember, it is always better to have love and lost, than never to have loved at all. Dan will ALWAYS be with you, directing you as always, if you just listen to your heart. Look over your shoulder. He will be there. Love Always....Karen & Rick Brunkhorst.

“ I'm so sorry that a very good man left earth too soon. I'm sorry for Kathy, his kids and his grandkids. Sometimes earth makes no sense. 💔

“ I was a terrible math student, I was a great student but math was so difficult for me, still is something I hate but I was put in Dan's math class. He was the only math teacher who was able to teach it so it made sense. He was always patient and made the class fun! I would imagine that he helped hundreds of kids like he helped me. Good teachers are a gift.

“ I'm sure you all will get a kick out of my remembrance of Dan (a great guy). Anyway, we were to have a huge Thanksgiving feast at Mary's house- more than two families brought stuff to eat-tables were set up, and on and on. Anyway, everything is ready for the awesome buffet and I see Dan holding up his carving knife and telling everyone to get in line. He was the Chef du jour! He will certainly be missed. My sympathies to the family.
