“ I am one of the people who met Ron and Darlene through AIB. Darlene and I served on the board together and became good friends. We traveled together and yes, I was invited to the holiday get togethers in their home. After many of us retired this event gave us a chance to gather and share many good memories. Unfortunately most of the group has passed on but I am sure they now get together, share a beverage, and welcome the new members of the group. We need more people in this world with the big hearts Darlene and Rob had. Jeanne. Lowe

“ A dear friend that we will miss! Many shared times with AIB; many group travel tours; conventions;(the big one of "Come alive in'75") we just recently talked about still having our '75 convention glasses. Also, classes taken together and serving on the AIB board. Darlene kept our group together for many years after we all retired. She and Ron opened their home for many gatherings. Times to catch up with each other and share history and laughs. The group started with a dozen people and grew to over 20+. Such good times. Often we would go to dinner as a group to different restaurants. One time we were able to have the group travel north to our place in Garrison. Ah, we were young then, but thought we were so old. The group has slowly diminished and I think there's only 2 or 3 of us left. Darlene loved cats and so do we and often we shared stories of our furry friends. Cheers Darlene....as you would say so often. And now we say it one more time back to you. We will make a memorial in your honor to Wild and Free Rehab center in Garrison where Ron and I have volunteered for over 20 yrs. Thanks for your friendship. Thanks for the memories! Hugs, Shirley and Ron Adolphson

“ Gone, but not forgotten. Many memories of projects/work at the Fed. You gave me that chance to grow and hopefully, be a good Supervisor over the many years.
