“ Darnell, Marie, Aja and Johnnie. there are no words that can take away your loss. We will always have "Fats" in our hearts. Just know that if there is anything that Loyd and I can do for you we are only a telephone call away. There is one thing that I know Fats wants us to live life to the fullest and he will be watching us from above. I pray strength for you as you go through this tough period in your life.
