“ My sincere condolence to Jan and family. I have wonderful memories of Darrell from his visits here in California, from the time that Darrell and Jan first arrived at the airport here on a sunny, warm day in February, happy to see flowers in bloom. We all became friends immediately. They stayed in my condo at Laguna Woods and I showed them the local sights, and Darrell was so interested in everything in the area. They visited California again and we stayed in touch through the years, remaining friends although separated by the miles. I will always remember Darrell as a kind and gentle man, and it was a pleasure and a privilege to have known him the last few years. I hope that you will be comforted in your loss by fond memories of happy times, with the support of loving family and friends. Sending warm wishes from California, and love to all.
