“ I knew Darrell 55 years many of those years as his wife and the mother of our two wonderful daughters that he left behind. There were many happy times and some not so happy, but He left way too soon and it saddens us all to have him leave so fast. He was always willing to help whatever he could for anyone.

“ I'll never forget the day we helped clean out his and Sharon's condo. We shared so many laughs and listened to the best stories. And that little Christmas tree — and taking it to the clockmaker — will be something I'll remember forever!

“ I will always remember Darrell smiling and enjoying family during holidays. He was kind and funny and loved talking about cars! Darrell was so proud of his daughters and loved watching his grandchildren laugh and play and run around.
