Dave, you will be very much missed, you were the mentor of all mentors to me. When I first started working at Minnegasco in 1978, you are the one who took your time to explain things, showed me by your work ethics and always a phone call away as a friend. May peace be with you, your wife and your family.

“ *Dave had a smile that could light up a room and an unmatched witty playfulness. When I would come over to visit his girls, he could spin lively stories for hours and serenade us with his "Spanish air guitar". It was always clear to me that he loved life and his family dearly. With love and condolences, Meg*
