“ *My deepest sympathy goes out to your family during this difficult time. Hold onto each other and support each other. I know the feelings you are going through right now and the days to come. We also lost our brother in law, almost a year ago under the same circumstances. We will pray for your family and friends.*

“ *Dave...what a crazy man you were. Always so upbeat and making people laugh around you. You are missed. God must have known that one of you could not live with the other so brought you home together. Love you.*

“ *Electric Machinery returns to normal working hours on Monday, July 15th. What will be missing, starting that day, is a man known for his excellent machine programming skills, and on a personal level, his laughter that filled the room, in particular the break room. He will be remembered happily, but sadly missed. Dave was a pleasure to know - and it was a lot of fun to work with him.*

*My condolences to the Dittes Family for the loss of Dave, and his wife Tammy.*
