“ David was a good engineer. I enjoyed working with him for over 30 yrs. Fondest memories were of fishing trips. The best part of those trips was his home made apple wine. Sometimes I enjoyed it too much. Davids best catch was his long time partner, Linda. Joan and I traveled with David and Linda often and always had a great time. David was an animal lover, from dogs to birds. David always talked fondly of his son and Davey's kids, Cali and family, Linda's family and his niece in California and all his family. David was very handy in building things, a trait we were jealous of. David was a good friend and will be missed. Peace to all his family and Linda. sam and joan
