“ Keis, where do I start. First I want to pass on my condolences to his family and I wish I could be there to share and support you at this time of sorrow.

Dave was one of my best friends through grade school, jr. high and high school. We had such a great time competing against each other whether it was stickball up at Waite or playing table football with those paper triangles at Mt. Carmel Church after school in jr. high. We just always had so much fun together and we would even invent games to play. Some of our best times were playing hockey up at Waite on skates or on our feet. It was just a blast. Our years playing hockey on the same line together with Murray Hougen as our centerman at Waite and into high school was really special. There were a lot of great times with Joe Ryan over at Cavell and all the other Pierce Street guys. I could write book if I went into details. Dave wasn't just a great athlete, he was great at anything he played. I Thank God for having Keis as my friend. I will never forget you Keis.

“ Dave - a true friend, an amazing athlete, an incredibly fast and skilled left-winger in hockey and a guy who I shared many hours of pleasure with on the hockey rink and baseball diamond. Dave was always a talented athlete. He was way ahead of most of us and the guy I was chasing from elementary school through high school. Loved his attitude and smile. Dave, Wayne Melbo and I played at the same hockey rink and on the same hockey line for many years. Thanks for all those great shifts, Dave. You're amazing!
