“ Dave,  
*Many years of memories shared with you and Tennis. I remember your blue Chevy Malibu convertible. Tennis and Lori were in your wedding at Colesville Baptist Church in Maryland. I remember the church and work softball teams you and Tennis played on, so much fun watching those. Rest in peace dear Dave.*

“ Dave,  
*I will always have wonderful memories of you. We grew up together, shared family ties full of stories, went to your Jr. Prom, went to baseball games, cried through your dad's passing way too early, spent 3 years at Capital U. together then cried through my mom's passing. Larry & I ate went to visit you when you introduced us to Pam and we went to eat tons of pizza together. Dad & Louise, Larry & I went to your wedding a year later and you even took me up in a tiny airplane that you were piloting. I always felt cared for, loved and safe when I was with you. Thank you for all your love to me as your cousin. I'm sure you and Larry are already laughing, sharing stories and enjoying the unspeakable beauty of being in the Lord's presence and reuniting with parents and loved ones there who loved Jesus. I will miss you. Love, Beth*
