“ *David was so full of life, and so friendly and good natured to his core. I feel sad that he is not with us any longer. It seems so much less bright without him. Condolences to Nancy, Chis, and Laura. Lori Price (Seattle, WA)*

“ So sorry, Mitchell family. Dave was so young. Some things just happen and we don't know why. For some reason, it is just in the plan of life. People that have gone before us, already know the joy of heaven. The David Mykleby Family

“ Dear Nancy & family, I am very sorry for your loss -- I know he will be deeply missed. I enjoyed seeing David a couple years ago at your House, Nancy. He was upbeat, happy and gave me a huge hug. I enjoyed his company very much that day when we sat out in the sunroom with Colleen, Terry, Chris, You and the doggies. Once I got past the fact that he had aged due to his illness, I still saw the very handsome man you married in his eyes. He is now watching over all of you and I really do believe his spirit will be with you forever and ever. Love, Cheryl Watson-Peterson
