“ Dave was an amazing and highly capable supervisor. I worked with him often and I was always impressed with the number of work tasks he managed simultaneously. He had quick memory recall of technical details and was never idle. His work ethic was top notch!

Above all he was able to stay upbeat and high-spirited when work stress was high. He was very funny and would walk by my desk on Friday's and make funny smart Alec remarks that made me laugh and which made my work a little enjoyable.

Dave left a lasting impression on me and it's hard to believe we will find anyone who could ever hold a candle to Dave Redepenning. Dave will be missed! He now resides in the presence of the Lord.
