“ *Dave and I have been friends since high school in Alma, Mi. We shared adventures in the SanFrancisco area in 1964 that always make me smile. I will seriously miss our video chats. We both knew that this was coming, but the reality is no less difficult to learn. My life has been enriched by Dave's presence in it and is lessened in his absence.*

“ So sorry to hear of Dave's passing. He was a few years ahead of me in high school, but had gotten to know him many years later. I enjoyed our phone visits and at the school reunion. He will be greatly missed.

“ Pat  
You and Dave have been in my prayers for some time and Pat, you and your family will continue to be. Dave was so good about keeping all former Comten people informed and he was also supportive in many ways. Dave was always a pleasure to talk with and that I will truly miss.  
God bless you Pat and your family

“ You're the guy who kept all of the Comten crowd informed about people passing, parties, and get togethers of all sorts for decades. It will be weird to not hear from you anymore. RIP Dave.

“ Dave, We miss you already. What a great friend. We enjoyed a lot of BLUES music together, a lot of laughs together, many meals and some sorrow. A real TOP SHELF friend has been lost. We will be along soon, save us a chair or two at your table. Peace and blessings to Pat and your extended family.

“ Dave old friend, I'll miss you. Many a weekend and project we worked together, with many a talk on all things inbetween. The bag pipes at your service reflected the class and leaving of a good Scot perfectly. My father and father-in-law are buried at Fort Snelling as well, so I'll visit you from time to time. God speed Dave.

“ There is not enough kind words to say about Dave. Our Corvette trip to Chicago with Pat and my wife Shirley still serves me with fond memories. Working with Dave, he never had an unkind word to say about anyone. I know he and "Granny" are sharing stories right now. Rest forever pain-free Dave.

“*Dave was the man I called when I could not fix a problem. He was always there and provided exceptional support in the old Comten days. I worked at NCR for 30 years and now work for Diebold Nixdorf. He was a great asset when you would reach your limitations. His guidance was greatly appreciated.*
