“ *Deb has been my friend ever since we attended school together in Altoona. She was a very kind and compassionate friend who would do anything for you. She had the sweetest, beautiful smile. I am so glad we were able to re-connect a few years ago. I have so many great memories of her that I will treasure always. She will be missed. She is now with the Lord and is healed and reunited with Ed. We will continue to pray for peace and comfort for her family.*
