“Dee, I miss you so much at work. I still talk to you now and then - of course when no one is listening. I'm still doing some of the reports that we set up years ago. You were so wise and so on top of things at work. I have no idea how many months it's been - I just know that there is a hole at work - I can't fill. Clara moved away, Tina isn't working here anymore - I have to go on. I never thought I'd be writing to you more than two years later. Oh well. I talk to my Mom and Dad and Arvid too. I know you are singing and dancing and having a good time. Someday I will too. Love, Martha

“ I had the honor and privilege of having a very special woman as my friend for 48 years. We shared our hopes & fears, joys & sorrows, mistakes and successes. Dee was always an inspiration. She was closer to me than my own sister, and considered by my parents as their third daughter. Every day there is something I want to tell her, or ask her about. So many memories - we did make memories. When I look around my home, I see items she chose for me for a special occasion, or just for fun. I see her pictures, alone and with Gil. Even when I work on a calculator I remember that it was Dee who taught me the best finger placement on the keys so that I could be more efficient, a seemingly small touch perhaps, but one that had a positive effect on my entire working life. Dee touched so many lives in a positive way and lived her life in a way we can all use as a model. There was so much love in her heart for her Lord, her family and her friends. Gil, she asked me to make sure to tell you that she loved you so much!! She was truly one of a kind and cannot be replaced!!

“ Gil - It's been one month today that Dee went to her reward. Since the Bible says "one day is as a thousand years and a thousand years is as a day", on heaven's side it is 30,000 years since she's been there, but here it is a moment. How we all miss her already, but I am glad to have known and loved her. She was a Dee-light to know.
Love, Jean

“ I had a friend, Julie, who used to jump out of airplanes with her aunt. I could never imagine jumping out of an airplane with any of my aunts. I pictured her to be this wildly adventurous Amelia Earhart type. Years later I started working at Redline Health Care. There was a woman working there by the name of Dee Wichman. Sure enough she was Julie's aunt. However, she was nothing like I imagined. She was a petite, conservatively-dressed, professional woman with not a hair out of place. It was hard to imagine her jumping out of an airplane. I always enjoyed the updates she used to give me on her family. My sympathies to Julie and the rest of the family.

“ My dear sweet friend, Dee:

The sister I never had. The person that was able to bring people together. The generous and courageous woman that had strong beliefs and convictions but that was the most non-judgemental person I ever met. That offered love and understanding to all. That always gave without expecting anything in return. The true friend. I will miss you so much, my friend.

“ No words can truly capture the great loss of Dee's Love, Kindness, Vitality, and Spirituality. She is the essence of goodness. She was a wonderful boss, who inspired loyalty and team spirit by her example. She was a good and dear friend to all. A friend who gave everyone a helping hand and fair chance.

May God bless her husband, family and friends and comfort you in this time of deep sadness.

“ *Dee and I shared an unusual bond as we both were fighting cancer at the same time. She had a great outlook, even when chemo wasn't working. I sent her an angel named Clara months ago. She was given to me when I needed her. Dee said Clara was a great listener and took advantage of that many times. I'll miss out conversations. Dee was a special lady.*

“ I am so sorry to hear of Dee's passing. I worked with Dee in Reimbursement Services at McKesson for 3 years. She was always in a joyful mood and loved talking about the grandkids with me when I would stop by to say hi. Dee, I'll always be your "curly haired girl running through a field." Gil and family: My prayers are with you during this time.

“ I am so sorry to hear about Dee's passing. I worked with Dee at McKesson and I will always remember how patient she was with me when I'd ask for her help understanding the foreign language of Part B billing. But more than that, I'll remember what a kind person she was, and how amazed I was that she gave so much of her time to others through her volunteer activities. What a special person! My thoughts and prayers are with all of you right now.

“*Dee,
I'm going to miss all of our chats. The one that sticks with me the most was the loss of my little girl Robyn. I find it ironic, that it has been 7 years today that we laid her to rest and that I writing this. I'll never forget her or You!*

“Dee was an extraordinary and wholly unique woman. I thoroughly enjoyed the time I worked with her as she taught and gave me so much. I will miss her professionalism but most of all I will miss her laughter and sense of optimism. My wife, Susan, perhaps paid her the best (and simpliest) compliment after learning of her passing - "She was always so nice and so kind to me."

“ Dear family and friends of Dee,

I am so sorry for your loss. Dee was a wonderful support to me in the days following my brother's accident in 1995. She, as you all know, wouldn't let a person off the hook, but she would always be there to help you out. We will miss her greatly.

Gil, my heart goes out to you especially. You have been in my prayers as much as Dee was. I will continue to hold you up.
