“ Dennis was a precious friend. He was a man of honor and dignity. He had a passion for the downtrodden of the world. In the early 2000s, Dennis honored my invitation to hold series of seminars for Christian leaders, business executives, and entrepreneurs in the Greater Cleveland Area. We were enormously blessed as he shared his deep experience as a successful and God-fearing entrepreneur in the marketplace. He gave me valuable advice as I was embarking on an ambitious project to develop a mixed-use GREEN technology village in West Africa. He invited me to Minnesota to visit local companies who fabricate the types of building materials we will need for our project. I was introduced to his contacts with knowledge in sustainable building development. He drove me around the Twin Cities to see developments akin to what I was planning for Africa.

When I was appointed the Pro-Chancellor of a faith-based university, Dennis mobilized personnel in MATTER to interact with me and explore ways the organization can help in equipping the university's Health Center.

I was blessed and thankful to God to have known Dennis J. Doyle. His life, his wisdom, and his generosity touched and lifted up multitudes around the world.

I pray for God's comfort for Megan and the entire Doyle Household,

“ I know of Dennis Doyle's generosity personally as I lived with his precious family while going through a very difficult divorce and his personal devotion to God as he was up at 5am working out and memorizing scripture every day. He and his wife reflected the love of God daily and were great mentors at a challenging time. The loss is huge to this world but so glad to know he is in the presence of God and love for all eternity!! I pray for supernatural peace for his family and know I will join him for all eternity!! With love and affection...Linda Dahl
