Thinking of you as all of I gets closer. You were never forgotten

“ *Dennis, I have been thinking of you every day since you passed away April 2, 2018. This is the photo I was looking for and I finally found it a year later. I think it shows the kindness in your eyes and reflected the fun personality you had. You were so happy to be able to go out and about, so when you visited my shop in 2012, I took this picture. The attorney and personal representative that the other siblings hired were crooks and only out for the money, which they got and will have to pay for their actions in their eternal home. Susie, Cindy and i did all we could do give you the justice you deserved, but we did not succeed. But I know God is in control and things went the way He had planned.*

Your sister Debbie.

Finally found some old photos. Stylin' with that 80's Miami Vice theme at a March of Dimes Walkathon we all went on at Lake Calhoun (I think), and while he hated glasses and oh my.... that foo-man-choo mustache back in the day - it was befitting of his mastery in Jujutzu Martial Arts when I was a kid. Oooh I can still feel that accidental kick in the gut during a practice session trying to teach me what he learned. :) Just wanted to share a few things my brother loved, flying with Civil Air Patrol, always with his head in the clouds even on the ground, and his bubbly personality. Wish the cares of this world hadn't overcome his dreams in his later years, he was a gift that will be greatly missed. RIP brother. Love, Cindy

*Isaiah 25:8
He will swallow up death forever. The Lord GOD will wipe away the tears from every face and remove the disgrace of His people from the whole earth. For the LORD has spoken.*

Makes me sad that I just found this page on a random Google search. The events surrounding his passing are still shocking, given the level of energy, courage, talent and intellect he possessed. I learned a lot from my brother and the legacy he chose to leave. We shared many memories over the years. I am deeply saddened that I never got to say goodbye. Dennis - my prayer is that you found peace and Unconditional Love to take away the agony you suffered for so long. You will be missed.

“ I remember when Dennis got his private pilot's license and asked if I wanted to go up. Being a young adult (in the late 70's or early '80's) and adventurous, I said yes. I was scared to death, especially when he banked a right and I thought I was going to fall out of that very small plane. But it was awesome at the same time and just amazing how everything looked from the air! Then when we had to land, I got nervous but had full faith that Dennis could do it. And he did a perfect landing - smooth and no bumps. And I was still in one piece! I was never so glad to get back on the ground, but the fact that my brother loved to fly and that he wanted to share the experience with me will always be one of my favorite memories!

I remember when Dennis took me to the local airports after a stop at Dairy Queen, we watched airplanes land and listen on our scanners, I wanted one so bad I got the same yellow one for Christmas and we would watch and listen to air traffic control as planes took off and landed we talked to his buddy's in he hangers and seen the planes close up, same time period the tv show cops came out and we also watched that with grandma and grandpa cause that's what he did, we also had movie nights with the big tv and stereo and make homemade pizzas that where "dowled" up he called it. He would cut up toppings and make mountains for us! wow I really miss him nobody can take that away!
