“ Today I said goodbye to my friend of 8 years. You had an impact on my life Diane, and I hope I impacted your life positively also. You were a kind, intelligent woman, that left us far too early. I will miss you dearly! I hope you know that I always wanted the best for you. My wish for you now is that you are at peace and you are free. You will always be in my heart!

“ Diane was my college roommate and bridesmaid in my wedding. She was a fun and wonderful friend. I am so sorry we lost touch years ago. Matt and Sam, you probably don't remember the roommate reunions. We all had boys, and we would line you up and take pictures. I know she loved you both very much. I am so sorry for your loss.
