“ *Diane and I go way back to the neighborhood in Minoa where we climbed trees (and she jumped from tall pine to tall pine), explored the pond, and protested the expansion of the housing development by singing our version of a pop song in full voice to the construction workers. We made music together, both loved learning Spanish, and she made several attempts to save my soul. The rigatoni in her house was so good, and our flute and piano collaborations were probably not as good as we imagined. I was glad to get back in touch with Diane the past few years and so sorry she has left you all so soon. Please know I share in your sadness in missing her, while understanding that you are happy for her next journey. With love,*

Cathy, What a beautiful tribute. Thank you so much. Your words were very comforting. You brought me back to the happy memories of Minoa. Dane had a full life!

“ *I will always remember the time I shared with Dan & Diane and Julie in Israel. It was such a blessing to have them as part of our team. "This life will soon be past. Only what is done for Jesus will last." Diane lived whole-heartedly for our Savior and it showed through her care and love for others. She will be dearly missed. Love to the Morrell Family...especially Julie.*
