“ I have many good memories of my cousin. She especially helped me with my typing while in the seminary. When I received my Master's Degree, it should have also included her name since she typed most of my papers. She would come up to my room at the seminary and make that typewriter sing! I miss her and our conversations. Love to her family and all of us who will miss her. My prayers are with you, Roger and the family,  
Love, Dave Zimmer
