“ To: The family of Faye and Don, especially Eric, Adam and 'Uncle Al' We are deeply sorry about your loss and ours. I especially will miss Faye and Don at Lake Vermilion. It really will not be the same without them. I loved to visit in the summer whenever I could get UpNorth. I will remember how proud and excited they were to be grandparents. I loved to sit and have coffee. They were such wonderful friends and neighbors. They will be so sadly missed. My heart and prayers go out to you. I am so sorry that I missed the memorial service last Saturday. I had heard about the tragedy and just now found this website. I hope that I will still see some of you next summer. Please accept our deepest sympathy, Sandra Kwiatkowski and children, Brian and Heather Kwiatkowski and Jill and Paul Krongard

“ Please accept our sincere condolences on the tragic loss of your wonderful parents. We shared many good times during their short time here in The Villages. We are retired educators and have a grandson Connors age. Many of our conversations were about our precious "Little boys". When my grandchildren visited the Villages your mom met us at the door singing a little song and let the children play with Buffer. We are so thankful we had met Eric and Connor when they visited Florida. Harley spent his youth in and around Lake Vermilion and his mom was Finnish so we had much in common with Faye and Don. We shared many laughs and warm memories of family, friends and careers. Your mom and I were active in the League of Women Voters here in the Villages. Faye chaired a committee and she and I visited a local elementary school last spring. We will keep all of you in our thoughts and prayers and know Faye and Dons loving spirits live on in their children. Helen and Harley Gozdanovic

“ Eric & Adam, I am so saddened by your loss . My sympathies & prayers go out to you & your family. I had the pleasure of working with your mother at Olson school for 4 years. I also met your father on several occasions as well as Adam. I'm not sure if I met Eric. I was the night custodian at the time. They were great people & will be missed by all.

“ Adam, Eric, and Family, I am so very sorry for the loss of Faye and Don, they will be dearly missed. Faye was one of the first folks in my aerobics class at Hwy 100 (I am the instructor), and remained in class for over 20 years. I have so many fond memories including a lunch at your home when you were both very small. We frequented breakfasts and lunches and their gentle spirits will forever live on. My prayers are with all of you. Kristi

“ *Eric, Adam and Family. I went to the memorial service with a heavy heart today. I so appreciated knowing your mom and dad through District 281 and AAUW. I feel really privileged to have seen them when they were home in December. I just want you to know that the service today was absolutely beautiful and truly uplifting. You are a real credit to your mom and dad. Your thoughts and reflections were a true help to everyone who was there. My thoughts and prayers will continue to be with you.*

“ Adam and Eric, We were out of town during the holidays and were not aware of your parents' deaths until tonight while watching the news. Please accept our sincere thoughts of sympathy. Don and Faye affected the lives of so many people. They worked selfishly to help improve life for others. They helped in many of Lyndon's campaigns back in the 70s and 80s when he represented your part of New Hope. State Representative Lyndon Carlson and Carole

“ Dear Eric and Adam, I cannot really grasp that this has happened. I thought I would know your Mom and Dad in their very old age. The first thing I will always remember is your Mom's smile. She had the most wonderful, kind smile. Who could ask for better parents. And they were so proud of their grandson. I wish he could have them with him longer. I think God knew they needed to be together when they went to heaven. I will pray for you to find strength to cope with this. Denise

“ Eric & Adam, I am so sorry for your loss. My prayers are with you & your family. I attended Morris Bye Elementary in Coon Rapids & remember what a nice man your father was. I have many memories of him. But the one that stands out most was when I was pushed down on the ice at recess in first grade. I hit my head pretty hard & Don drove me to the hospital. (This was in the 70's-80's before an ambulance was to be called.) I threw up in his brand new car on the way to Mercy Hospital!! Maybe that's why through the years he always remembered me?! I just wanted you to know I thought he was a special person & was so glad to have known him. God Bless

“*Dear Eric, I was at the men's group at Brooklyn UMC and just found out that your parents were in an accident and died. John Eakins and I were talking about the mission trip you went on with us to Puerto Rico. In some ways it seems like yesterday and others it seems like it was long ago. Whenever I would see your parents (usually at Brooklyn UMC) I would always get an update on how you were doing and it always sounded just great. Your Mom and Dad always had smiles on their faces. My wife and I didn't know them well, but they were always warm and friendly. They will be missed by many. I will pray for you and your brother over your sudden lose. Jim*

“ Dear Eric and Adam, I had the privilege to know and teach with a wonderful man. He was warmly received by many colleagues. He had a thirst for mentoring, dreaming and envisioning the future of his school working directly with the Adams community. He admired the gifted and talented youth and I recall him trying to expose his staff to the fine arts. (Yes, I went to live productions/acting and he is responsible for my love of the theatre. I ran into him now and then around the Twin Cities at various theatre/playhouses, The last I saw of Don and Faye was at "The Secret Garden" at the Orpheum. He poured himself to leadership and the gifted and talented. He and Faye embraced our staff when he hosted an "Octoberfest" at your wonderful home on Wisconsin Ave. Your legos were complex, with wonderful inventions/creations and your mom proudly told us of your wondrous inventions using Legoes. They both will be always remembered as wonderful educators and their legacy for love of people. Please know you were always on their mind and in their hearts. I recall running the track at Northwest Racquet Club on Hiway 100 and France Ave. trying to get in shape after delivering twins when I first moved here in 1984. Do you remember working out, running, and then going to school in the early morning hours? Losing them in such a tragic death reminds us all to live each day like it is our last. I pray for your grieving family and hope that peace will sustain you. With my deepest sympathy.

“ Dear Adam & Eric - I am so very, very sorry to hear of the loss of your parents in this tragic accident. “ Eric and Adam, I am still in shock after hearing about your mom and dad on the news. After doing your mom's hair for all those years I grew to love her for her kindness and compassion that she showed to everyone! My kids remember her because she would always bring them a big bag of goodies to eat at Christmastime -- a tribute to size of her heart. I will miss her friendship very much. Our prayers are with all of you at this time. Take care,
