“ Back in the day, when I was general manager of the Bloomington Symphony, I would frequently have the opportunity to coordinate with Don on the recordings of our performances. He was always a joy to work with and super dependable. My condolences to the family on his passing.

“ I so enjoyed working with your Dad on the Bloomington Fine Arts Council for many years and singing with him at Normandale Choral Society and Bloomington Chorale. He had such a fine voice! He was a tireless and meticulous worker. The arts in Bloomington were made significant because of his efforts. I'm sorry that previous commitments prevent me from joining you on Saturday.
