“ *My deepest sympathy on the death of your father Don. He was one of my first PT mentors when I did my clinical training at his clinic at Northwest Industrial Clinic. I then worked for him while finishing my PTA degree and for a year after I graduated...in the years 1977, 1978, and 1979! He was so caring, a great instructor, and great friend. He looked after me just like a father. May God Bless your family during this difficult time on your loss of both your mother and father.*

“ *Sending my sincere condolences upon hearing this news and of your mother's passing also. I worked for Don as a Physical Therapist at the Suburban PT Clinic and also at Northwest Industrial Clinic. He was a kind, gentle man and a most fair and generous employer. I also recall your mother's sweet nature. I have been out of Minnesota since 2000, and am now residing in Florida. I am sorry I cannot be in MN to personally express my sympathy to the family.*
