“ I will always remember Don as being an enthusiastic car guy with a passion for life. He had his opinions and when I was restoring a 1970 Mercedes 280SL and he discovered the color was “Silbergrau”, (silver-gray), he insisted the interior needed to be “lipstick red”. He was right the interior was lipstick red.

I will miss him and his smile at our Mercedes Benz club holiday party and other car events. Pat and your family have my and Sharons condolences.

“ I never attended an auto event that wasn't made more fun by Don's being present. He was always willing to share the good times of his several hobbies. Most recent was the drama of his purchase of the '41 Chevy Coupe, sharing both the challenge and the photos covering the event with other enthusiasts.

Patricia-thanks so much for participating in these events. Lila and I extend to you and family our deepest sympathy.
