

## Donald Walter Grundeman

May 12, 1942 - June 29, 2024

Don Grundeman was born in Holton, Kansas on May 12, 1942 and passed away peacefully at home on June 29, 2024, surrounded by the prayers and love of family and friends.

After attending Holton High School and graduating from the University of Kansas with a degree in electrical engineering, Don was employed by Honeywell in Mpls/St. Paul where he worked for 43 years until his retirement in 2008. At Honeywell, Don worked on projects such as Apollo, the space shuttle, early mainframe computers, and aeronautical navigation systems.

In 1962, Don married his college sweetheart, Marilyn Krogsdale. The couple moved to Minnesota in 1965 where they welcomed their daughter, Jennie.

Don generously contributed many hours in volunteer roles that included AARP Tax-Aide, engaging with non-profit organizations sponsored through United Way and the Honeywell Foundation, mentoring youth in the judicial system, and as church youth leader, deacon, elder, and council member.

Don enjoyed walleye fishing, camping, hiking, cooking, and listening to a variety of genres of music. He had a way of meaningfully connecting with others everywhere he went and maintained an insatiable curiosity about people, nature, and science throughout his life.

Don was preceded in death by his parents, Walter and Edna Grundeman. He is survived by his wife, Marilyn; his daughter, Jennie Clare; and two grandchildren, Annalise Bruening and Luca Bruening.

A celebration of life will be held on Monday, August 5 at North Heights Lutheran Church in Roseville, 2701 North Rice Street, Roseville, MN. Visitation will begin at 1:00 with the service following at 2:00. Please join us for dessert in the fellowship hall after the service.
