“ I am sorry to hear of the loss of Donald. Whether his death was expected or not the pain is still with you and your family has my sympathies.

The last time I saw Donald was at my dad's funeral in 1990 - so long ago.

I note that you also had a residence in Stone Lake, Wi. We lived as permanent residents on the north end of Long Lake from 1988 to 1996 and then moved to Colorado.

I would like to hear from a family member when you have the opportunity.

May God bless you all.

“ Don's Family,

I am sad to hear about your loss. I met Don many years ago when he worked with Local #544 and I worked for Borden/Creamette Company. We had several heated debates over the years; however, we also enjoyed several good conversations and stories, too! He always spoke highly of his family and I respected that.

I always liked Don even though we were "on different sides of the table!" He was a soft guy underneath the tough guy exterior!

God bless you all,
