Tribute Wall

“ Mom, I will miss you, and love you! as well as so many others. your grand kids love you, and Carl will be calling to heaven so he may talk to you. I told him you will always be listening to him and watching over him as well as Brooklynne and Aloha.

I'm not sure how to deal with losing you as I'm now alone without you and dad. I know you would tell me not to worry you are in heaven with grandma now. And you are at peace, and would want me to live my life, and continue to be a great father to the grand children! and you will always be with us. I know you are with us in spirit, but I only know you in the physical form.

Love you mom
