“ Don was an icon and, for Ginny and me, a bridge to the family. He rarely missed my birthdays, sent clippings from the Star, and came here for Hilary’s wedding, and to visit on another occasion. Few will know that he was a substitute teacher in my second grade class at Hamilton Elementary. He was a student teacher at the time. Quite a colorful character and 91 not 90.

*RIP dear cousin,
Terry and Ginny Johnson*
