“ Although I had tried to find Doris We had lost contact this past year .A friend informed me of reading the notice of Doris's death in the paper. She truly was a self made woman and a most generous friend . Although I moved away several years Ago I so enjoyed the times we did have to be together when I was able to get to Mpls. I will miss Doris but am comforted in knowing she is at peace. Sending my sympathy to her family. Rest in peace Doris.
