“ When we lose someone we love ...there is an empty place inside our hearts that only time can heal. When we lose someone we love, that person goes to a better place - eternally resting with God. But we are left behind ... to somehow find the strength to carry on. Remember, love lives on forever inside our hearts and in our memories. Please know that my thoughts, my prayers, and my sympathies are with you all, Karen and family, and Gary and family. I am sharing in the loss of your dear mother, mother-in-law, grandmother and great grandmother. I will always cherish the times I had with Dorothy, even though they were few. I'll always remember her beautiful smile, her kindness and her generosity, not only to me, but to everyone who was fortunate enough to have known her. She has been released from the bondage of her flesh and she is now resting safely in the arms of Jesus, happily reunited with Lyle, and with those relatives and friends that went before her. She is alive and well in Heaven, her real home. We will see her and all of our loved ones someday, never to be parted again. Love Always, Char Benson
