“ I most recently learned of Dorothy's passing and wanted to offer my condolences to you, her family. In my position as Volunteer Coordinator at St. Odilia (now retired), I was honored to know Dorothy who volunteered as front desk receptionist. Dorothy was a gentle spirit who always had a welcoming, cheerful presence to those who visited the office, those who called, and the staff. She was always willing to do whatever tasks that needed to be done, from preparing mailings to contacting other ministry volunteers. I am blessed our paths crossed on life's journey. May cherished memories, your faith in the Risen Lord, and the love and support of family and friends bring you peace and comfort.
