“ *She always put others before herself, taking the time to genuinely listen and show she cared. Sometimes, it’s still hard to believe she’s gone. I miss her deeply.*

“ My first conversation with Dorothy was nothing but sweet and funny. She had a way of making someone feel like they had been friends for a long time, and even though I didn't know her for very long, I loved our random memes being passed back and forth during work. She cheered me up during those hard moments even when it was a funny gif of a cat doing the little, please hands. She was the definition of how a sweet and caring person should be.

“ Dorothy will be greatly missed with her logistic partners. She was a warm person at all times and also surprisingly generous. I will never forget her kind passing of Reese's Peanut Butter Cups at random times. I look to be of any support at this time with my family.

“ I remember my first night working with Dorothy vividly. She was so incredibly welcoming and made me feel right at home. Her patience astounded me. She had a way with people, and her bubbly personality was infectious. The love she had for life and her family was present in every story she told, always with a smile and lots of laughter. She was my birthday buddy. I'm so sorry for your loss. Dorothy meant the world to so many, and she will be missed so very much.
