“ I first met Dorothy back in 1969. I was engaged to her nephew, David. She welcomed me into the family with open arms and always made me feel loved.

Whenever we visited Dorothy, you always had to stay for a delicious dinner. Of course there was always a wonderful dessert. She and her love will be missed by many.

“ As privileged neighbors to Dorothy for over three decades, we will miss her so much! Dorothy was always the first to welcome new neighbors with a lemon pie or with cookies. She provided the backbone for the whole area and we are all so sad to lose her. Dorothy loved her family and was so proud of them. She was the best neighbor ever.

*I met Dorothy in 1963 in Fargo. She was the first neighbor to stop and welcome our family. And, she brought that delicious Lemon Pie. How lucky could I be to become her friend? My daughter started Kindergarten and walked past her house and was greeted by 'Mrs Wentzel'!*

*It happened that both of our spouses were transferred to Mpls so we could become lifelong friends. This was such a blessing for me. I learned so much about cooking and have many of her recipes that I cherish.*

*We had so many good times playing cards, shopping, going out to lunch and just visiting.*

*She was always caring for neighbors and so many friends too.*

*You lived a good life and will be missed!*

*It's assuring to know we'll meet in Heaven.*

*Bye my best friend. I love you. Lettie*
