“ I was a patient of Dr. Wang's from the time he was one year out of school until he retired. He was amazing! I am 84, and the crowns he put in are still there. Now THAT is amazing! When I would go in to see him, he would take me into the office and show me the slides of he and his wife's latest trip to Mexico. It was so much fun to see. The next year my family and I would go to Mexico to check it out. He was planning our vacations for us. Super nice guy, and a great dentist! 🙏
