“ Joan,
Your "hubby" will have a indelible place in my memories as a Fraternity Brother, as an email companion and as a friend over the years. May your lasting love for Duane give you great comfort in your remaining days. You and your family must be proud of Duane in the life he lived. May God's presence give you strength during this time.
So sorry Phyllis and I live so far away that we cannot share in the Celebration of Duane's Life.
