“ Dear Dad,

Thanks for always giving me advice throughout my life to try to protect me from making bad decisions. I remember the good times we had at the cabin. When we would go waterskiing or sailing or take the boat out in big waves swimming etc. Also all the vacations throughout the years. Also when you would take me flying with you and let me fly the plane sometimes. I will miss being able to take you for rides and have good memories of us going off roading and collecting rocks together with mom. I'm sad your gone but happy your at peace. I will see you in heaven one day.

I love you dad and always will .

Love

Todd
