“ Bob and Donna, I don't believe we have ever met, but my father and mother were friends of your father and mother from the time my father first worked for your Dad. My father was assistant to your father at Methodist for about ten years before retiring in 1982.

*My dad deeply appreciated your father. He loved his time at Methodist. Many of the accomplishments listed in your father's obit were also a source of pride for my father. He too loved Methodist. You may be aware that my dad passed away from ALS in 1983. I miss him as I know you will miss your Dad. I know he would have had many good social and volunteer times with your Dad if he had lived longer.*

*My mother survives Nomi and both of our fathers. She is in memory care at the age of 05. She would be deeply upset over the loss of both of your parents. She really liked them. My Mom is no easy audience.*

*So, I pass on what I know would be her condolences. She often spoke of them. She knows the wonderful people your parents were. I will let her know. She has forgotten many names, but I know she has not forgotten your parents.*

*I am sorry for your loss. Maybe your dad and mine are reminiscing even as I write.*
