“ *Mr. Abdella was my math teacher in 1976-77 and computer math teacher the following year when I served as a teacher's aid for him. He served as an example of a decent and hardworking man and a man of integrity. It was that kind of favorable impressoin that also drew me into a career as a community college math teacher. His students owe him a great debt as he introduced us to computer porgramming at such an early point in its history (including taking us to a computer fair). I had heard that there were computers in my junior high, but had never actually seen one.*

My condolences to all his loved ones.

“ Dear Leah,

I'm so sorry to hear about your Dad. I know through you that he lived a long, faithful life; although the house in Roseville seems like home, it's comforting to know that he is really HOME. I have passed your info to Dore and Cara Mia, and will try to get to Mike and Steve this weekend.

I hope to see you Tuesday evening. In the meantime, I wrap my arms around you my friend, and pray that you and your family are finding solace in our One true hope.

Love,

Michele
