“ Ed was a regular paraprofessional substitute in my classroom at Olson Middle School in Bloomington. When I was short 2 paras for an entire school year, Ed showed up for us nearly 5 days a week because he knew that was how bad we needed him! He had a heart for students that not many would choose to work with. He was a kind and gentle soul with a quiet and caring presence, and is already deeply missed in our community at OMS. One memory to share was from this school year after Ed received the game day football for the award he won at US Bank Stadium. He brought a big box of donuts and his game day football to school. He shared with all the students and staff and was so proud, showing off his football and award certificate! He even let students hold and play with the football. This is a fond memory that I will always have. It was a pleasure to know and work with Mr. Ed. From the SUN program at Olson Middle School, we send our deepest condolences to the Misterek family.

“ Dear Edward’s family. I want to send my sympathy to you. Edward was part of my team at U S Bank Stadium. He was such a valued member. Edward always volunteered to help in every situation during the football games which gave me the great pleasure to nominate him for an honor to receive a “game day football.” I enjoyed working with Edward very much. Eddie was in my older brother's class in high school. He and his family lived behind us when we moved to town from the country. He was a nice guy. My deepest sympathy to his family.
