“ To the Jones family, I had many good memories with your mother, and your father as well. I always loved chatting with your mother. She was always pleasant. I never saw her talking bad things about other people. She had a good life with her husband and you her 5 children. She loved you all very much. She often talked about you, proud of you all.

*May your memories of your mother carry you all through this difficult time.*

“ Family ,

*I am so sorry for your loss. It saddens me to think that she will not be around any more. She was so socializing with her friends at Murzyn Hall monthly as we admired her so very much . My favorite memory of your loved one is we chatted and chatted on the phone weekly . She loved to talk about her family ( She was very proud of her family) and about her old days ( chuckling ) .My second favorite memory was that she spent time with me at the cabin with her two friends. she was so fun to be around and I am very sad and miss her so much .*

*Love , Karen Erickson*
