

Elizabeth Veronica D'Antonio

September 6, 1927 - October 2, 2022

D'Antonio, Elizabeth V. Betty, has gone to heaven, where she'll be reunited with her husband of 63 years, Neal, and her daughters Laura and Julia. A graduate of Katharine Gibbs, she was an executive secretary before and after, she was a homemaker raising her three girls. She never stopped using her shorthand. Betty loved to garden and continued doing the New York Times crossword puzzles and Sudokus, into her 90's. ANYTIME was a good time for a cup of tea and conversation. Dementia took almost full control of her wonderful brain, but she'd still get an impish twinkle in her beautiful blue eyes and give a smile that lit up her face. The dementia didn't stop her warm, loving heart from shining through. Betty was 95 years young.
