“ *Ellie was a wonderful mom, grandma and great grandma, had a million dollar smile, lived life as she wanted and was a rock to those around her. She had a great sense of humor and loved life, always with a positive attitude. She had many wonderful friends and family that loved her, she was able to die at home the way she wanted, listening to her favorite music with her family surrounding her. She had a long. Blessed life and we will miss her very much.*
