“ Dear Elsa(Grandma and Great Grandma),
We love and miss YOU more than you know!
Thank you for providing so much beauty, joy and love. You colored our world beautiful. You always welcomed us with open arms and a smile that could light up a room. We laughed and cried together... You encouraged my curiosity in art. As a child, we spent hours making shell creatures and painting at your table. Grandma's house meant treats and fun until exhaustion. As we grew older, so did our bond/friendship. I looked forward to your calls and visiting. There were many days that you were the best part of it! Thank you for always loving and supporting us. Words can not explain the love and appreciation. You hold a place in my heart that no other could replace. Love, Cam, Dane and Nicole
