“ Hello April and Emery's family,

*I met Emery through my sister and brother in law and he helped me as a single mom get my home ready to sell in South Minneapolis. Emery was kind, patient and a sweet man to help me and I am grateful for him. I just heard of his passing last evening and I am so sorry for your family. He spoke of you and his dear grandchildren often. I would also encourage your family to check out [www.griefshare.org](http://www.griefshare.org) as you walk through this sadness. He was special for sure. If there is anything I can do, here if my contact. 952-224-3023 Shelly Geoffroy*
