“ Eric, the children and I think about you all of the time. We miss you so much!! We are all trying to keep busy with work, but it still does not keep the pain away from missing you. Yesterday Jaclyn told me that she believes that you are in a higher place with your brother and your dad and our passed kitties and puppies and that all is well with you. You are fishing and most of all, you are golfing.

“ Hey, Eric - I pray for you every day and know that you are in that great golf course in the sky. The kids and I miss you so much. We all have an empty spot in our hearts and are still trying to carry on your legacy of living life to the fullest and being the best that we can be. We will all meet again and be the great family that we once were....

“ Thinking of Eric and all of the crazy, fun times we had. He was a great dad and such a good person. I think of him daily and miss him a lot. I hope that he will be looking down from heaven and watching his daughter graduate from college in May. He would be so proud.

“ Eric- You were in my opinion the best father a son could have. We would always do fun things together like go to the health club watch exciting movies and you would even wait four hours while I played chess at my club. I just wish I was more respectful to you at times. I hope to see you in heaven one day.

“*Eric-I will miss you! I will remember your smile, your eyes and your good heart! I was always impressed with your inner spirit and all you had accomplished in your life. The IRONMAN! You gave me many words of advice and encouragement. I wish that I could've helped you in some way. My heart is sad that you are gone and I didn't even get to say good-bye. I enjoyed working with you! It won't be the same at Yale without you. You were a wonderful co-worker and friend. My deepest sympathy is with your family, we have all lost a wonderful person today! You will remain in our hearts and memories. With Deepest Sorrow,*
