“ *Dear Sue,
We are so sad to hear about the loss of your precious son Eric. Our thoughts and prayers are with you and your family. Our memories of Eric is that of a fun, gentle person who loved his transformers and playing with our son Patrick. Those are treasured memories and Eric touched all of our lives. It goes without saying Eric was Patrick's best friend when we lived next door on South Shore Lane.*

We wish we could attend the services this Thursday but we will be out of town. We will be thinking of you and cherishing all the memories Eric gave us.

Our love,

John & Cathy Senescall

“ *First of all, I wish to send my condolences to Sue and the rest of Eric's family and friends. I received a very unexpected call from Sue Sunday morning that left me speechless.*

Eric was a caring, loving, genuine and intelligent young man I had the opportunity to get to know on a personal level. He was doing so well it pains me to write this, sometimes life is unexplainable and this is one of those instances.

He was a great friend and a role model for many within our small community, well spoken and intelligent beyond words. Not only a friend but a son, an employee, a tenant and so many other words describe this young man. I agree with Reilly's mother, he was was an angel put in our lives for a reason.

I wish Sue and his family healing and peace in this time of sorrow in hope that Eric found a new home and happiness with God. May he Rest In Peace and eternal happiness.

Sincerely,

Chris Longtin

“ *Eric was such an angel and a big brother of sorts to my troubled teenage son. Eric talked to Reilly about all kinds of things especially the importance of being a good man. Eric your memory will certainly live on in my family's memory. My father and grandfather both remarked about what a nice man you were when they met you. Our thoughts and prayers are with your family during this very difficult time. May angels guide you Eric and may you only ever experience happiness and joy from now on. Love, Reilly and Amy Cullen*
