“ Dear Family,

I worked with Erica providing acupuncture and bodywork over the past 6 months. We shared many deep and personal moments related to her healing journey and I got to witness her tenacity, strength, faith, and how much she loved her family from a very close intimate place. I cared for her deeply from my place as a caregiver, but also personally. I am so sorry for your loss and am sending you much care and support as you make these first steps following her physical departure. Sending much much care.

“ Erica had an unforgettable wit and laugh. She holds a special spot in my memory as Tiffini's cool older sister. Any 'cool points' we gained in middle school or high school (and beyond) were surely influenced by her.
