“ A weekend camping trip with me tagging along with the Fenskis. I was 8 and on an adventure to a lake north of Grand Rapids ,the camp site had an old stone fire place that had been part of a cabin. I was sitting in the back of Ervin's green starcraft boat holding my 5 ft zebco rod. The reel had broken days earlier so there was 8ft of line tied on to the tip. The line trailed a snelled # 2 hook with 2 large split shot ahead of it. A small sucker minnow was on the hook. Erin was trolling around the lake at dusk. I was pouting in the back thinking how could I catch anything with such a short line. Ervin slowed so a fish could be boated. My line sank and bang! I boated my first smallmouth bass 2 3/4lb . Not my biggest any more but still my most memorable. My first grouse was with Ervin but that is another story.
