“ Greetings, Laurene,
We were out of state when we got the message that Gene had passed. My brother, Jim, had seen it in the obituaries in Mpls. Wish I could have been able to respond earlier. We are planning to visit MN recruiting staff for our Native organization in Feb. I had hoped to see Gene at that time.

Gene was one of some very good mentors I had at Bethel. Our spring track trips to NE were some of the highlights of my college career. I am still in touch with Andy Lehman, one of our track guys, after all these years, and I will make him aware of Gene's passing. Our trip to the Olympics in Mexico in 1968 made Gene's doctorate thesis on the importance of accurate times come alive for me.

The fact that you and Gene supported us when Diane and I went into Native missions tells of your love for the students he coached. The encouraging thing to me is that I will see him again in heaven, probably sooner rather than later as he was only 10 years older than me :-).

I know you have good support from your church and family as you grieve his home-going. We will be praying for you.

Still running the race set before me,
Dave Norman

“ Coach Glader was a very big part of my college life. We have lots of great memories and respect for all he did at Bethel.

“ I worked in Grand Marais in 2019 and my friend Haoran introduced Gene to me. Gene and Laurene invited us to their home in Grand Marais. I still remember how he introduced his family to us. He was such a gentle and kind person and rich in knowledge. I am sorry to hear the news of his death. May Gene rest in peace.
